[Still on track for the](#)

[weekend at Carroll Street](#)

Posted by [steve](#) in [progress](#) , [house](#)
[projects](#)

We are still on track to show the house this weekend. Lots of details are getting wrapped up this week and the house is really starting to look finished. The front of the house has been landscaped. The driveway was poured on Monday and looks great. The fencing along the driveway is also finished up. The exterior lighting on the back of the house and on the garage was installed. Inside the kitchen cabinet doors and drawers have been installed and we just have some touch up painting to do there.

Right now, the plan is still to have people setup time with us to come and see the house in a private open house. We will be able to show you the great details of the house and let you try things for yourself. We will be having some technology gear available on site to show how the home tech features work and to explain the technology add-ons we'll be offering beyond the standard home features. Call (408) 480-1914 or email steve@phase2homes to schedule a time.
